

BABSON COLLEGE

Learn to lead with confidence and creativity

Master of Science in Management in Entrepreneurial Leadership

The best leaders are entrepreneurial leaders, and the greatest entrepreneurs are those who lead and drive innovation from a place of empathy and compassion. They problem-solve and create solutions that address the needs of the community, raise up and give voice to the underserved, and ultimately, challenge the world to become a better place. Take charge of your career and gain the tools to impact the future of business with a Master's in Entrepreneurial Leadership (MSEL).

- » This full-time, nine-month program takes an integrated approach with project-based learning in each 14-week semester.
- » Designed for students right out of college with a close-knit cohort.
- » Experiential learning opportunities to gain early-career experience.
- » Launch a venture, consult for a real company, mentor young entrepreneurs, and study abroad.

**Enjoy equal
parts community
building and
self-development.**

Collaborate with your peers to create a business or initiative that solves a problem and generates social and economic value. Develop professionally as an entrepreneurial leader through the Creating You course, built for personal reflection. Partner with Babson's centers and institutes, faculty, and other members of the Babson community to identify your strengths and prepare for your career.

#1 IN ENTREPRENEURSHIP

Learning Projects

HOW IT WORKS >>

Save time and money by earning your master's degree in just nine months. This strategically curated path has proven to foster efficient learning, a truly collaborative experience, and the opportunity to quickly build strong, lasting bonds with classmates. The curriculum combines a blend of core classes, experiential learning, professional development, and the opportunity to ideate and launch a venture through the Leading Entrepreneurial Action Project (LEAP) course.

“I chose Babson College because I was looking for an institution that would give an opportunity to grow as an individual. I was really struggling to try to decide what my next step would be upon graduating when I saw that Babson had a nine-month accelerated program for entrepreneurs. The campus, professors, and environment surpassed any of my expectations and I just knew that Babson would be my next home.”

– Kaylin Goncalves MSEL'20
